

**Rescheduled to 7 Jul 08 (Mon) - Postponed from 25 Jun 08 due to Tropical Storm Fengshen**

## 2<sup>nd</sup> Quarterly Business Meeting of AIA Hong Kong *Sign-up Now!*

### "An International Region of the AIA"

A Presentation by Dean Ralph Lerner *FAIA*, AIA International Director, and Glenn Wing *AIA*, President AIA Hong Kong

For the first time in its 150 year history, the governing structure of the American Institute of Architects is taking a comprehensive look at the global nature of today's architectural profession, and of the practice of its members living and working outside of the United States.

With the support and encouragement of the International Committee, the International Director, and the leadership of the four existing chapters representing members outside of the US (AIA Hong Kong, AIA Japan, AIA UK, and AIA Continental Europe), a movement is in progress to petition the Institute Board of Directors to create a new *International Region*, which will specifically exist to represent the issues and concerns of AIA members working outside of the US to the Institute as a whole, and to create a truly global platform on which the growth and expansion of the Institute as a professional organization can take place.

Dean Ralph Lerner *FAIA*, AIA International Director (2008-2010) and Glenn Wing *AIA*, 2008 President of AIA Hong Kong shall present the current status of the AIA Hong Kong Chapter, how our members are currently represented within the AIA as a whole, and how the proposed International Region may enhance and expand the potential benefits of membership in the AIA for members and potential members working in our region and globally.

Members will be asked to consider adoption by the Hong Kong Chapter of a resolution in support of the proposal. The presentation will seek to obtain feedback and discussion amongst our members on the pros and cons of the proposed International Region, issues which will be instrumental in the larger Institute-wide consideration of the proposal.

Please come to participate in this important presentation and discussion about the future of the AIA in our region !!!

*Dean Ralph Lerner FAIA, HKIA, B.Arch. (The Cooper Union); M.Arch. (Harvard University), became Dean of the Faculty of Architecture and Chair Professor of Architecture at the University of Hong Kong on 1 February 2006. Prior to joining the University he was George Dutton '27 Professor of Architecture and Dean of the School of Architecture at Princeton University (1989-2002).*
