(C3) Recovered persons aged 12 or above after 6 months from recovery ^[Note 3] ^[Note 4]	(i) Not vaccinated before COVID-19 infection ^[Note 5]  1 st dose if within 6 months from 1 st dose  2 nd dose if after 6 months from 1 st dose * 2 nd dose not required for a person aged 12-17 who took Comirnaty (BioNTech) as 1 st dose	
	(ii) Received 1st dose before COVID-19 infection ^[Note 5]  2 nd dose * 2 nd dose not required for a person aged 12-17 who took Comirnaty (BioNTech) as 1 st dose	

Note:

1. A person who received a "full course" COVID-19 vaccination will be deemed to have fulfilled the requirement for the 2nd dose, provided that the vaccine is on the list of recognised vaccines ("the List") on the Government's COVID-19 Thematic Website (https://www.coronavirus.gov.hk/pdf/list_of_recognised_covid19_vaccines.pdf), and the person has received the "dose(s) required" stipulated under the List. For the person to fulfill the requirement for the 3rd dose, he/she should receive an additional dose on the List after the "full course". For a person who has been fully or partially vaccinated with vaccines not on the List, he/she is required to start over with vaccines available in Hong Kong following the local recommended schedule.
2. For a person who will turn 18, he/she will be given a 3-month window, counting from his/her 18th birthday, during which his/her eligibility will follow the category applicable to persons aged 12 to 17, and thereafter his/her eligibility will follow the category applicable to persons aged 18 or above.
3. For a person who will turn 12, he/she will be given a 3-month window, counting from his/her 12th birthday, during which he/she will be exempted from Vaccine Pass requirements, and thereafter his/her eligibility will follow the category applicable to persons aged 12 to 17.
4. Recovery is defined as 14 days after the date of the most recent documented positive test.
5. For the purpose of the Vaccine Pass, all doses received before COVID-19 infection will be taken into account regardless of the interval between the date of vaccination and the date of the most recent documented positive test. A recovered person is still recommended to follow the Department of Health's Scientific Committee on Emerging and Zoonotic Diseases and Scientific Committee on Vaccine Preventable Diseases in counting only those doses received at least 14 days before the most recent documented positive test for his/her vaccination course.
